

## #GoGold

Childhood Cancer Awareness Month

#GoGoldforMAHAK #GoGold #CureForAll

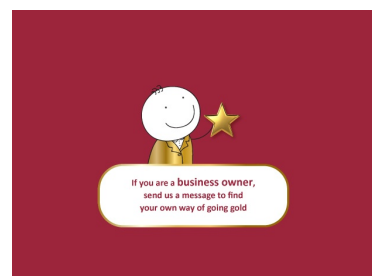

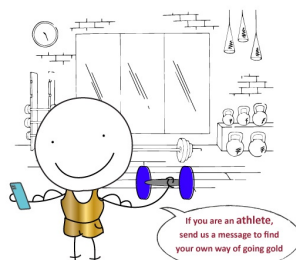

September is dedicated to raising awareness about childhood cancer around the world with the theme of **Go Gold!**

Join us in this campaign to raise awareness, promote education, and inform others about the importance of early detection for children affected by cancer.

Your participation may seem simple, but it holds special significance for different groups in the society involved with children, especially young parents, teachers, pediatricians, etc.

Raising awareness leads to more attention to the primary symptoms of childhood cancer, earlier diagnosis which results in less painful, less costly and more effective treatment.

How do you plan on going gold with us this month? Please share yours with us.
