MAHAK's Presence at NRC Partnership Seminar

A two-day seminar on partnership strategies was hosted by the Norwegian Refugee Council (NRC) this year. MAHAK, as an Iranian non-governmental organization, also participated in this program. This seminar took place on October 23rd and 24th in Tehran. In this program, the Norwegian Refugee Council hosted a gathering of Iranian non-governmental organizations and officials from Iran at the provincial level.

A Workshop on Effective Communication with Pediatric Cancer Patients

MAHAK psychologists and social workers have been conducting workshops titled “Effective Communication with Children and Adolescents Suffering from cancer” since August, 2023. This

On-the-job training is held as a joint initiative with some hospitals in Tehran such as Farabi, Bahrami, Ali Asghar and MAHAK Hospital for their staff as the main target audience. MAHAK plans to expand the workshops to other medical centers and hospitals in the future, with the goal of improving the quality of care provided to children and adolescents with cancer throughout Iran.
