MAHAK Seasonal Newsletter Fall of 2024

Significant Events of Fall 2024

Shab-e Yalda

Yalda Night, known as "Shab-e Yalda," is a cherished tradition celebrated in Iran and among Farsi-speaking communities worldwide. Observed on the longest night of the year, typically December 21st or 22nd, it marks the transition from autumn to winter.

Yalda Night seems interesting

Significant News of Fall 2024

Raising Local Awareness upon SIOP

Don't You want to Read a Special Report from MAHAK?

Is It True? Yes. MAHAK and its Friends Saved €220,000!

MAHAK International Department designed "SIOP Training Course" to serve as a great platform for knowledge sharing and acquainting MAHAK professionals with the features and opportunities provided by International Society of Pediatric Oncology (SIOP). Currently, MAHAK has 17 active membership at SIOP platform.

During Childhood Cancer Awareness Month 2024, all departments of MAHAK joined forces to advocate for pediatric cancer awareness on both local and global levels. Their collaborative efforts led to significant achievements. Discover more about these initiatives through the link below:

MAHAK Blood Stem Cell Registration Center, registered nearly 12,000 donors and facilitated 11 successful transplants through a public-private partnership. This initiative exemplifies corporate social responsibility and has helped avoid significant healthcare costs abroad.
