

It's Persian New Year 🌻

As we joyfully celebrate Persian New Year (Nowruz 1404), I want to take a moment to celebrate this beautiful occasion. Nowruz, a time of renewal and rebirth, symbolizes hope and fresh beginnings.

Nowruz brings families together and reminds us of the strength we find in unity. As we step into year 1404, let us embrace the opportunities that lie ahead of us. It is a chance to foster connections, nurture relationships, and support one another in our shared journey.

I would like to express my heartfelt gratitude and appreciation to the dedicated personnel at MAHAK Charity Institute. Your unwavering commitment and hard work have led to 34 beautiful years of resilience and achievement.

On behalf of the entire team at MAHAK Charity Institute, I wish you a joyous and prosperous year! May it bring everyone health, happiness, and success, especially for children who are our greatest treasure.

Arasb Ahmadian
Chief Executive Officer
