

MAHAK's Spring 2026 Newsletter

Hope, Resilience & Global Collaboration

Resilience in Challenging Times

During this period of uncertainty, MAHAK remained steadfast in ensuring the uninterrupted delivery of treatment and supportive services for children with cancer and their families. Through effective crisis management, strengthened digital systems, flexible models of care, and the unwavering dedication of staff, MAHAK successfully safeguarded the health and well-being of the children and families it serves.

This achievement was made possible through the outstanding commitment and dedication of all MAHAK members, teams, and departments, under the exceptional leadership of the Chief Executive Officer with the invaluable support and guidance of the Boards of Trustees and Directors. By implementing comprehensive crisis management strategies aligned with international standards during both the war and post-war periods, and by maintaining a proactive, standards-based approach to organizational resilience, MAHAK ensured the continuity of its mission while responding effectively to evolving challenges.
